■ Highlights:

In addition to an overview of the Company's full-year financial results for the fiscal year ended December 2025, the seminar also addressed the impact of recent fluctuations in crude oil prices—driven by developments in the Middle East—on the Company's raw material procurement costs.

The session also featured numerous questions from participants, offering valuable insights that help deepen understanding of the Company's business and future prospects.

■ About Kabu Berry Lab

Kabu Berry Lab is an interactive IR seminar for individual investors organized by Denchu Co., Ltd. (Head Office: Okazaki City, Aichi; Representative Director: Hiromi Yamamoto). By allocating more than 40 minutes for Q&A, the seminar provides individual investors with an opportunity to gain a deeper understanding of participating companies.

In addition to online sessions, in-person events are also held in Tokyo, Nagoya, and Osaka, enabling interactive, two-way communication between companies and individual investors.
